15TH JUNE, 1864.

I beg to call the attention of the Collectors to the assortment of Grecian and Roman Coins, in the annexed Catalogue, as being the best selected specimens I have ever had the pleasure of offering, there not being a single piece among them that can be called poor; and if I have erred at all in their description, it has been rather in *under*, than overrating them, and which I believe will be found to be the case throughout the whole catalogue.

I shall be happy to execute any orders for those who are unable to attend the sale, as I have done on all former occasions.

EDWARD COGAN.

N. B. Collectors will please particularly notice that the sale will commence at 4 o'clock P. M.
